PRESS RELEASE

New AKKO shares to be listed on the Budapest Stock Exchange

Budapest, November 25, 2026 – The shares previously issued by AKKO Invest and subscribed for by Mevinvest Kft., a major shareholder in the company and a member of the WING Group, will be listed on the Prime Market of the Budapest Stock Exchange. Mevinvest made its most recent capital contribution this fall to support the implementation of AKKO's renewed strategy and provide fresh funding for business development initiatives and acquisitions.

Mevinvest Kft., a major shareholder in AKKO Invest Nyrt. and a member of the WING Group, initiated an exchange under which it will receive four Series C common shares for each Series D AKKO share it previously subscribed for. Accordingly, pursuant to the company's Articles of Association, AKKO's Board of Directors resolved to convert all 7,459,878 of AKKO's Series D shares, each with a par value of HUF 100, into a total of 29,839,512 Series C common shares, each with a par value of HUF 25, and to list the Series C common shares on the Prime Market of the Budapest Stock Exchange. The total amount of AKKO's share capital and the number of votes will remain unchanged; only the mix of share series that make up its share capital will be altered. The new Series C shares will be listed once the required proceedings before the Court of Registration and other necessary procedures have been completed. The move demonstrates the commitment of AKKO's major shareholder to the company's presence on the stock exchange. Most recently, Mevinvest provided HUF 1 billion in fresh capital to support the implementation of AKKO Invest's strategy, which was renewed over the summer. Under this strategy, AKKO aims to become one of Hungary's leading integrated real estate services groups and to double last year's revenue within five years.

AKKO Invest Nyrt.
