 - 7.1.2. non-cash contributions of HUF 7,315,800 (that is seven million three hundred fifteen thousand eight hundred Hungarian forints), as described in detail in Annex 1 to the Articles of Association.
 - 7.2. The share capital comprises 19,931,474 (that is nineteen million nine hundred and thirty-one thousand four hundred and seventy-four) registered, dematerialized ordinary shares of the same share series, each with a face value of HUF 12.5 (that is twelve point five Hungarian forints).

 - 7.4. When new shares are issued, the shareholder shall be required to place the shares’ issue value at the Company’s disposal as set out in the General Meeting’s resolution on the issue of shares.
8. **The shares:**

Shares shall be produced in dematerialized form in compliance with the rules applicable to securities, indicating the details required by the Civil Code and other relevant laws and regulations. Each share with a face value of HUF 12.5 (that is twelve point five Hungarian forints) shall entitle the holder to 1 (that is one) vote.
9. **Share register; exercise of voting rights:**

- 9.1. The Company's Board of Directors or its agent engaged as per 9.2 below shall maintain a share register of shareholders, including holders of interim shares, to keep records of the names and addresses (registered offices) of shareholders and/or their nominee shareholders (hereinafter collectively referred to as "shareholders") and, for holders of jointly owned shares, joint proxies, the number of shares or interim shares of each shareholder per share series (size of their shareholding), the suspension of voting rights as set out in Article 9.8 and any other information required by law or the Company's Articles of Association. Information removed from the share register shall remain retrievable.
- 9.2. The Company's Board of Directors may engage, under a specific law, a clearing house, a central securities depository, an investment undertaking, a financial institution, an attorney-at-law, or an auditor to maintain the share register. The Company's permanent auditor may not be engaged to maintain the share register. The engagement itself, the person engaged (their personal information), the place where the share register is maintained and information concerning access to the share register shall be published on the Company's website and its other places of publication. If, under this Article, the Company's Board of Directors enters into an engagement to maintain the share register, in the engagement contract it may reserve the right to decide on entering shareholders into the share register.
- 9.3. Share transfers shall be effective in respect of the Company and shareholders may only exercise their rights towards the Company when shareholders have been entered into the share register.
- 9.4. Persons who may not be entered into the share register include:
- (a) those who requested so;
 - (b) those who acquired their shares in violation of the regulations on the transfer of shares set out by law or the Articles of Association, in particular by Section 95 (3) of the Electricity Act, Section 123 (7) of the Gas Supply Act, and Section 19 (7) of the District Heating Act.
- 9.5. With regard to participating in the General Meeting and exercising shareholder rights, the Company shall only accept the shareholder identification made following the rules of procedure of KELER Zrt. as set out in Article 9.6 as proof of shareholding. In other cases, the securities account manager of the shareholder may submit electronically a request for entry into the share register, bearing an advanced electronic signature and timestamp, within two business days of the shares being credited to the securities account.
- 9.6. For shareholder identification initiated by the Company, if it is related to the closing of the share register prior to the next session of the General Meeting, the person in charge of managing the share register shall delete all information valid at the time of shareholder identification and, at the same time, enter the information resulting from the shareholder identification into the share register.
- 9.7. Anyone may have access to the share register. Access shall be provided on a continuous basis by the Company or the person in charge of maintaining the share register at their registered offices during working hours. Those of whom the share register contains existing or deleted information may request a copy of the part of the share register applicable to them from the person in charge of maintaining the share register and the person in charge of maintaining the share register shall be required to provide such copy within five days.
- 9.8. The shareholder or the holder of voting rights (hereinafter, for the purposes of this section: "shareholder") is required, when notifying a change in their voting rights as defined in Section 61 of Act CXX of 2001 on the Capital Market ("**Capital Market Act**"), to submit a written declaration to the Board of Directors concerning the composition of the shareholder group and the nature of the relationship between the members of such shareholder group, taking into account the relevant provisions of the Capital Market Act. Such notification obligation applies to

shareholders only if there has been a change in the shareholder group since the publication of the previous notice. In the event of failure to provide notification or full notification regarding the composition of the shareholder group as required in the previous sentence, or where the acquisition of control is subject to regulatory approval or acknowledgment, which the shareholder had failed to obtain, or if there is reason to assume that the shareholder has deceived the Board of Directors concerning the composition of the shareholder group, the voting right of the shareholder will be suspended by the decision of the Board of Directors at any time even after its entry into the share register, and may not be exercised until the above requirement has been fully satisfied. Furthermore, at the request of the Board of Directors, shareholders are required to promptly make a statement specifying who the ultimate beneficial owner with respect to the shares owned is. If the shareholder fails to act upon such request or if there is reason to assume that the shareholder has deceived the Board of Directors, the voting right of the shareholder is suspended and may not be exercised until the above requirements have been fully satisfied. For the purposes of this Article, “shareholder group” means, with respect to a particular shareholder, such shareholder and the persons specified in Section 61 of the Capital Market Act, whose voting rights related to their share must be regarded as the voting rights of the shareholder concerned. For the purposes of this Article, “beneficial owner” means the person specified in Section 3(38) of Act LIII of 2017 on the Prevention and Combating of Money Laundering and Terrorist Financing.

10. Transfer of shares:

The Company’s shares may be freely transferred without any restrictions. Dematerialized shares may be transferred by debiting from and crediting to securities accounts as set out in a specific law.

11. Increase of share capital:

- 11.1. Based on an authorization from the General Meeting, the Board of Directors shall be entitled to decide on increasing the share capital and on any related issues otherwise falling within the competence of the General Meeting, including, in particular, the exclusion or restriction of exercising preferential rights regarding subscription and takeover of shares, the appointment of persons entitled to take over shares and the amendment of the Articles of Association with a view to share capital increase.
- 11.2. If the share capital is increased by means of cash contribution, the Company’s shareholders, including, first, shareholders with shares of the same series as the issued shares, and then holders of convertible bonds as well as bonds with subscription rights, shall have preferential rights to take over shares in this order under the conditions set out in this Article 11, provided that such rights are not restricted or excluded by the General Meeting (or, based on an authorization from the General Meeting, the Board of Directors) on the basis of a written proposal by the Board of Directors.
- 11.3. In a notice published in compliance with Article 21 of these Articles of Association, the Board of Directors shall notify shareholders and bondholders of the face value and the issue value of the available shares, the start and end dates of the period for exercising preferential rights and how those rights can be exercised. Holders may exercise their preferential rights by submitting a statement in the form of a notarized deed or a private deed of full probative force to the Company’s registered office or in the form of a document bearing an advanced electronic signature and timestamp to the email address specified in the notice within fifteen (15) days of the date following the date of publication of the notice. Such statements shall include the type, class, series, face value, quantity, and issue value of the shares intended to be subscribed or taken over as well as the irrevocable undertaking of the shareholder or the bondholder to subscribe or take over the shares specified in the statement and pay their issue value as set out in the General Meeting’s resolution. The statement shall be valid on the condition that the shareholder or bondholder duly fulfills the payment obligation included therein within the set period. If a shareholder or bondholder fails to make a valid statement on exercising their preferential rights

within the period set in the notice, it shall be deemed that they do not intend to exercise their preferential rights. Unless otherwise provided in a resolution by the General Meeting, if holders equally entitled to preferential rights intend to subscribe or take over more shares than what is issued in the context of the capital increase, they may exercise their preferential rights in proportion to the face value of their shares or bonds.

- 11.4. On the basis of a written proposal by the Board of Directors, the General Meeting may exclude preferential rights or adopt a resolution pursuant to Article 11.1 to authorize the Board of Directors to exclude or restrict pre-emptive subscription (takeover) rights for the duration of the authorization for the capital increase. The General Meeting shall discuss the proposal for the exclusion or restriction of preferential rights along with the proposal for share capital increase but adopt a separate resolution on each. A proposal for the exclusion or restriction of preferential rights and/or a decision to exclude or restrict pre-emptive subscription (takeover) rights by the Board of Directors shall include the reasons for increasing the share capital, descriptions of the persons authorized to receive shares in the case of a share capital increase in a private placement and any changes in the proportion of voting rights of shareholders prior to the share capital increase.
- 11.5. In the case of a share capital increase, shareholders shall pay the issue value of shares when requested to do so by the Board of Directors in compliance with the conditions laid down in the resolutions of the General Meeting or the Board of Directors on the share capital increase. For persons having made preliminary statements of commitment to take over shares, setting the period for payment of the issue value of shares in the resolution of the General Meeting or the Board of Directors on the share capital increase shall be deemed a request to pay the issue price of shares. In the latter case, shareholders shall be required to pay the issue value of the shares they have undertaken to take over without a specific request from the Board of Directors within the applicable period.

Neither may a member of the Board of Directors or a member of the Supervisory Board be a proxy, unless such persons have, as proxy, a clear voting instruction issued by the authorizing shareholder for each proposal for resolution. The letters of proxy must be submitted to the Company in the form of a notarized deed or a private deed of full probative force.
- 12.8. The prerequisite for shareholder participation in and voting at the General Meeting is the registration of shareholders or nominee shareholders in the Company's share register by 6.00 p.m. of the second business day preceding the start date of the General Meeting and for shareholders not to be subject to a decision by the Board of Directors suspending their voting rights as set out in Article 9.8 of these Articles of Association.
- 12.9. The General Meeting has a quorum if the shareholders or their proxies representing more than 60 percent of the shares with voting rights are present at the General Meeting. In the absence of a quorum, a reconvened General Meeting may be held in respect of the matters on its initial agenda with the same quorum requirement (i.e., with the presence of shareholders or their proxies representing more than 60 percent of the shares with voting rights) if it is convened for the business day following the original date or a date not later than twenty-one days after the initial date.

The General Meeting shall adopt its resolutions by the affirmative vote of shareholders or their proxies representing at least 60 percent of the shares with voting rights, except for resolutions requiring a three-quarters majority as defined in the Civil Code (for which the provisions of the Civil Code shall apply). The provisions of Section 3:19 (2) of the Civil Code shall not apply to voting at General Meetings.
- 12.11. Shareholders may vote at the General Meeting in person, through a nominee shareholder or a proxy. As a general rule, resolutions are passed at the General Meeting through an open vote by show of hands. The Board of Directors may decide that voting shall take place by electronic

In such a case, the CEO shall not have the right to vote. The CEO is a member of the Board of Directors and performs his or her duties as a member of the Board of Directors under an agency agreement. If the CEO is prevented from performing his or her duties, his or her powers shall be exercised by the Chair of the Board of Directors or, if the CEO is the Chair of the Board of Directors, by the Vice-Chair of the Board of Directors. - 13.9. A quorum of the Board of Directors is constituted if at least three-quarters of the members of the Board of Directors, and at least all non-executive members of the Company (who are only engaged by the Company under an agency agreement) are present at the meeting of the Board of Directors. The quorum of a reconvened meeting shall be governed by the same rules as the quorum of the original meeting.

- 13.11. The Board of Directors shall prepare a report on the management, financial situation and business policy of the Company once a year for the General Meeting and every three months for the Supervisory Board, aligned with the timing of the Supervisory Board's session discussing the Company's interim management report, semi-annual report and annual report.
