

## **MediaMarkt has moved in a new warehouse**

Budapest, September 10, 2019 – The number of MediaMarkt customers has seen a multifold increase over the recent years. In order to satisfy the growing demands and to continue the improvement of the quality of service, the company has decided in favour of a new warehouse base. One year after the agreement concluded with BILK Logistics Plc. on this issue and 10 months after the start of construction, the warehouse hall of over 20,000 sq.m floor area has been completed according to the special needs of this department store chain on the territory of BILK. MediaMarkt have moved in the new warehouse

The building constructed in the modern logistics centre accommodates a 10 thousand m<sup>2</sup> warehouse of 12 m internal height and a warehouse suitable for high-stack storage services with 10 m useful height, on a footprint of another 10 thousand m<sup>2</sup>. Fire safety is guaranteed by an installed sprinkler system of the latest technology as well as an aspiration fire alarm equipment. A special 600 m<sup>2</sup> picking-and-packing area is provided with floor heating, to ensure adequate comfort for the staff employed there. The docking and manoeuvring yard of 20.000 m<sup>2</sup> adjoining the logistics hall has been paved with high-strength decorative stone slabs.

The value of the project completed by BILK Logisztikai Nyrt., including the communicating roads, public utilities and parking lots, amounts to HUF 3.5 billion. With this facility, MediaMarkt demonstrates its long-term plans, therefore, its lease agreement with BILK includes an option to extend the initial 5-year agreement for an additional period of five years.

The demand of MediaMarkt for logistics services has been steadily growing year after year. The company doubled the size of its leased warehouse areas between 2014 and 2016, while it uses a supplementary external warehouse of identical capacity. The warehouse base built on the territory of BILK Logisztikai Nyrt. is also suitable for the flexible management of its nationwide home delivery services, in addition to catering for the needs of its webshop and the 32 MediaMarkt department stores.
