

Extraordinary Announcement of 4iG Plc.

on the German competition clearance for CSG DEFENCE's indirect acquisition in RÁBA Nyrt. and direct acquisition in Hirtenberger Defence Systems Kft.

4iG Public Limited Company ("4iG") hereby informs the participants of the capital market that the **German Federal Cartel Office** (Bundeskartellamt) **has granted its approval for the acquisition by CSG DEFENCE a.s. ("CSG DEFENCE") of a 49% shareholding in 4iG SDT EGY Zrt., as a result of which CSG DEFENCE would indirectly acquire a 36.75% interest in RÁBA Járműipari Holding Nyilvánosan Működő Részvénytársaság ("RÁBA") ("RÁBA Transaction").**

At the same time, the **German Federal Cartel Office also approved the direct acquisition by CSG DEFENCE of a 49% shareholding in Hirtenberger Defence Systems Kft. ("Hirtenberger Transaction").**

The closing of the RÁBA Transaction and the Hirtenberger Transaction may take place following the receipt of the approval of the Austrian Federal Competition Authority, as well as the receipt of other required regulatory approvals and the satisfaction of the applicable conditions precedent.

In its announcement on the approval, the German Federal Cartel Office quotes Andreas Mundt, President of the Bundeskartellamt, who highlighted that the product portfolios of CSG and the two target companies barely overlap and are largely complementary. Although the transaction could create synergies – for example in vehicle manufacturing – the presence of strong competitors means that it does not raise competition concerns. "Quite the contrary: the merger could even stimulate competition." Andreas Mundt, President.
