

**Strategy and Finance Division  
Investor Relations & DCM**

Reference number: IR-136/2021

19 October 2021

### **Extraordinary announcement**

OTP Bank Plc. hereby informs capital markets members that on 19 October 2021 OTP Bank Plc. signed a letter of intent to cooperate with the Hungarian Ministry of Innovation and Technology on the development of a supercomputer platform in Hungary, which is optimized for creating self-learning Hungarian language models (GPT 3) based on artificial intelligence, and which platform enables the research, creation and implementation of artificial intelligence applications – especially the large Hungarian language model – and development of models which are also intended for both public and business purposes by public and business, educational and scientific actors as well.
